RQT Programme

Venue: Thornden School, Winchester Road, Chandlers Ford, SO53 2DW

RQT Programme

Developing excellent pedagogy in the classroom through reflective practice

The RQT programme is for teachers in their second or third year of teaching and aims to support them with the further development of their teaching practice. Over the course of the programme, individuals will create an action plan to help them change something in the classroom and regularly reflect on the impact they are having. This will include the opportunity for a one-day visit to an Alliance School.

The sessions will focus on themes such as:

- Assessment in the classroom
- Behaviour for Learning
- Challenge
- Developing a language for learning
- Learning strategies
